Professional Profile

I am a qualitative and focused front-end developer with 10 years of experience efficiently using web technologies building complex web applications for international brands. Clients and colleagues enjoyed working with me, building together award winning websites. I have always a keen eye for design and willing to take the extra mile crafting the slickest UI. I am a specialist in OO JavaScript engineering, extensive knowledge in full stack development, and passion for React.

Work Experience

Dec 18 Feb 19

Contractor Front-end Developer Salmon

- maintained an international e-commerce platform on an IBM WebSphere with approx. 1 million visitors a day
